State chapter ~ American College of Community Midwives

Section Two

Biennial Reporting of Client Information

∞ Each California Licensed **Midwife** providing primary midwifery care in homes, hospitals or birth centers shall document client-related data for each calendar year and shall submit this biennially with each renewal of licensure.

Client data shall *not be name identified*.

A. This information, in simple form, shall include:

1. Name and license number of the Midwife
2. Fiscal year being reported
3. The total number of clients served:
 - a) as primary caregiver
 - b) supportive or complimentary services
4. The number and location of live births attended by the midwife as primary caregiver
5. The number and location of stillbirths attended by the midwife as primary caregiver
6. The number of spontaneous abortions over 14 weeks
7. The number of preterm births in the midwife's practice
8. Gestational ages of infants delivered by the midwife
9. Birth weights of infants delivered by the midwife
10. The number of women transferred to primary physician care during the antepartum period, the week of pregnancy and the reason for referral
11. The number and reason for elective hospital transfers & urgent/emergency transports
12. A description of any complications resulting in mortality or significant morbidity for mother and/or infant
